Why Engage with Us?

Exposure for you/your company

We will promote you to our network and partners!

Access to Our Student Body Making Real Impact

We have a highly engaged student body (800+ for both campuses), committing to studies that span from 12 to 18 months, which sets us apart from bootcamps.

Diverse Student Population

We have an overall 31% female-student ratio, significantly higher than the national average of 17% for women in tech, and more than 80 nationalities!
